RIVER NEWS .- The Cumberland was swelling briskly vesterday, the rise up to 3 P. M. being sufficient to make 41 feet on the shouls. The Alida, from Paducah was the only arrival up to 3 P. M. She leaves at 10 this morning.

The Rock City left yesterday for Paducah.

Ample arrangements are made for the ladies, and a much larger attendance of the fair sex in anticipated to-day.

"MAGDALEN SOCIETY."-A correspondent of the Guzette advocates the organization of a Col GEO, M. LOGAN and JAS, A. NISBET, E-q. and there is no great obstacle to such a movement, except a popular feeling of false delicacy which condemns this class of unfortunates as beyond the pale of reclamation.

But the author goes out of his way to give 20 do of 100 120 do of 25 our City Watch a severe poke under the ribs, and in our judgment an unmerited one. We have had occasion to observe the operations of the Watch of the City for many years, and we Bills on all solvent Banes a par. know that there never was a more faithful corps on duty than at present. The comparative quiet of our city, compared with what it has been heretofore, amply proves this fact .-We believe no more faithful men could be selected, especially for the meagre compensation elected Directors: which they receive.

WHERE IS THE FOOL-KILLER?-There is a man in East Tennessee named Dickey, who lary and Treasurer. was simple enough to believe the statement in A. V. Brown's Dickson county letter, and handsome style and to bring the lots into market. It is the intention of the Board of Directors to spare no expense actually attempted to get those terrible Know or pains to make it such a Cemetery as the wealth and Nothings indicted by the Grand Jury. We copy from the Athens Post, in this paper, a full account of the effort of Mr. Dickey and a report of Judge Alexander's charge, in which he told him, very properly, to mind his own business. We imagine he will take the Judge's advice, and be careful, hereafter, how much credulity be lets out when reading anti-American circulars.

MECHANICS' FAIR .- Parties throughout the country are sending in their articles of various their orders early. Those who left their kinds for exhibition at the approaching Me. orders during the week, will find their Hats ready for chanics' Fair. Persons who have not received circulars are reminded that all consignments should be made to W. H. Gordon & Co. We are glad to see an increasing interest among tion of all who desire sometiang tasty in the our city mechanics. They are beginning to understand, that not to be represented in the great industrial Exhibition, will argue strongly that they are, in vulgar parlance, nowhere.

Unwashed heads popped A. MORRISON. out of dingy windows, and crying children ceased for a moment their monotonous songs to listen to the big drum. Circuses and Menageries are national institutions, and are as popular as the Fourth of July ever dared to be. No matter how extensive the canvass under which the animal is stirred up and the clown cuts capers before his gaping admirers, its utmost capacity never fails to be tested .-Any body out of skirts that don't go to the circus won't be received among his companions until after frost.

NEW REFINGERATOR, - Our attention has been called to a Patent Refrigerator, a specimen of which may be seen at the warehouse of J. Dovle & Co., Front street. The peculiarity which distinguishes it from the old style, is, that the articles deposited are kept cool by means of a current of cool air, passing from the apartment in which the ice is kept to the from Palmyra, Tohn, on the Camberland river. The main body of the refrigerator. The evils arising from dampness, caused by the melting of the ice, are thus entirely avoided, and the sir being equally as cold as under the old system, the meats, vegetables, fruits, &c., are thus kept pure for a much longer time at a less expense of ice. The article is unquestionably a great improvement, and commends itself to the attention of house heepers, very strongly. T. h by J. O. Shackistord, Chrisville, or by Thos. > DANCING ASSEMBLIES .- A movement is on foot among the young men of the city to get up a series of Select Dancing Assemblies for the approaching winter, under the control and management of the "Terpiscorean Society." WILLIAM L. MORSELL, DEALER IN

Dry and Sparkling Catawba, NO. 35 EAST THIRD STREET,

CINCINNATI, OHIO. Purify the Blood. With Sloan's Life Syrup, it is decidedly the best and cheapest bleed purifier in use. Its life-giving properties impart

a healthy action to the whole system, and thereby ward off summer diseases of every kind. See Sloan's advertisement in another column. sep18-1w

Weak, nervous, depressed in spirits, and a prey to innumerable mental as well as physical evils, the victim to dyspepsia is indeed an object of commiseration. Yet it is absurd for him to despair. We care not how low, weak, neryous and irritable he may be, the cordial properties of Hoofland German Bitters, prepared by Dr. C. M. Jackson, Philadelphia, are stronger than the many headed monster which is preying upon his body and mind; and if he chooses to try them, we will insure a speedy cure. See advertisement.

Liver Disease. Carter's Spanish Mixture, as a remedy for liver disease and the number of formidable evils connected with a disorganized state of that organ, is unrivalled. Hundreds of certificates from the highest sources, of persons living in the city of Richmond, Va., might be given of cores effected by Carter's Spanish Mixture. We have only room to refer to the extraordinary cure of Samuel M. Drinker, Esq., of the firm of Drinker & Morris, Booksellers, Richmend, Va , who was cured by two bottles of Carter's Spanish Mix ture, after three years suffering from diseased liver. He says its action on the blood is wonderful, better than all the medicine he had ever taken, and cheerfully recommends
